ITNS ON THE MOVE
Reporting Form

Is there something you want to share with other ITNS members about a member in your chapter?

Have they received an award, been published, received a promotion, completed a degree, added credentials, or moved?

Let us know about the accomplishments of your chapter and chapter members so we can share the great news with other ITNS members. Information can be published in the newsletter or on the ITNS website.

Just email or fax me. Please include all degrees and credentials of the names submitted for accurate reporting. Please submit a separate form for each announcement.
